KENTUCKY PROPERTY INSURANCE PLACEMENT FACILITY (FAIR PLAN)

The Kentucky Property Insurance Placement Facility is a residual market mechanism originally formulated by the insurance industry under the direction of the Commissioner of Insurance for the purpose of making basic property insurance available to responsible applicants who are unable to secure such insurance in the normal insurance market. Since its inception in September 1968, it was amended in 1985 to write habitational risks in 9th and 10th protection classes, to write homeowners coverage, to extend commercial lines to 9th and 10th protection class, to include coverage for farm-type dwelling and permanent outbuildings necessary to the operation of the premises as a farm. Term payment plans of 3 or 6 months as well as 12 months terms are offered. All agents are required to offer the FAIR plan if an individual´s qualified property cannot be placed in the regular market.
